ter with innumerable yards of tinsel and thousands of tiny flags on the old Ford lot, near the City Hall.

A thousand voices will lift the harmony of old and well-loved Christmas carols when the tree is illuminated at 6 o'clock and thousands of Richmond people packed in close ranks around the tree will join in the singing.

This means that the problem of the community Christmas tree was settled yesterday by the sift of a cedar of splendid proportions to the committee of which C. C. Pinckney is chairman. Mr. Pinckney and John Stewart Bryan, another member of the committee, drove out on the Broad Rock Road to see the tree yesterday afternoon and according to the tree into the city and the Richmond Structural Steel Company will erect it in the old Ford lot within the next few days with the equipment which is used for erecting tall steel structures.

Selection today of

Richmond Association Elects James II. Donahue, Jr., as President for Coming Year.

At the December meeting of the Richmond Musicians' Protective Association yesterday afternoon a committee was appointed to find out how many members of the organization have paid their poll tax. Those who have falled to qualify for casting a ballot at the next election will be asked the reason. The association has grown during the past year more rapidly than at any time in its history.

A number of applicants, among them Clifford Green, the orchestra leader, was admitted to membership. Nearly all of the motion-picture houses, two of the largest hotels, and every high-class theater in the city employ only those who belong to the Richmond Musicians' Protective Association.

The annual election of officers resulted as follows: James H. Donahue, Jr., president; Gaston Lichtenstein, vice-president; A. T. Skelding, recording secretary; Harrison F. Ryder, treasurer; J. N. Kaufman, John C. Reinbardt, Moses Stein, Fred Stark, T. S. Hiteshaw, executive committee, and J. H. Spencer, sergeant-at-arms.
